

JOHNSON TO HOLD BILL

California Governor Will Not Sign the Anti-Alien Measure Until Secretary Bryan Returns to Washington and Confers With President Wilson

Washington, May 5.—President Wilson received today by telegraph a copy of the alien land bill passed by the California legislature, now awaiting Governor Johnson's signature. He let it be known that the federal administration would take no further step until Secretary Bryan returns Thursday with first-hand information. Mr. Wilson told his callers that he had not yet received the formal protest of Japan, and intimated that before May 13, the last day for Governor Johnson to sign the bill, some expressions might be expected as to whether it would be in contravention of the treaty with Japan.

In the absence of instructions to the contrary, Ambassador Chinda will not present Japan's formal protest until after Secretary Bryan returns. In the meantime, the embassy will have opportunity to acquaint the Tokio foreign office of the exact terms of the bill and of conditions in California and in Washington.

Studying the Webb Bill. Meanwhile the government's legal experts are studying the Webb bill in an effort to locate what may be points of attack. Many officials here believe the lawyers of the California legislature have succeeded in framing a bill that may successfully resist attack on the ground that it violates any provision of the treaty of 1911 between the United States and Japan. In that case Japan would need to rely upon the general provisions of international law to secure relief from the threatened discrimination it alleges.

In some apprehension that an effort might be made to connect with the present California situation the recent placing of orders for three dreadnoughts, the Japanese embassy officials today declared these vessels were appropriated for by the last Diet before the land legislation began in California and that the placing of orders at this time was simply in execution of plans to cover a period of years in naval development.

The joint board composed of the highest technical officers of the army and navy and headed by Admiral Dewey was in secret session today. While it was a special meeting, it was stated that it had been in contemplation for some time and it was to have been called as soon as Major General Wood returned from his Texas trip.

HOLD LABOR MEN GUILTY CONSPIRACY CASE OPENS

Court of Appeals Revises Sentences Imposed Upon Gompers, Mitchell and Morrison—Chief Justice Dissects With Review of Case

Washington, May 5.—The contempt of court judgments upon Samuel Gompers, Frank Morrison and John Mitchell, officials of the American Federation of Labor, were sustained today by the court of appeals for the District of Columbia, which, however, revised the sentences to give Gompers thirty days imprisonment and fine Mitchell and Morrison \$500 each, with no jail term.

The chief justice of the court dissenting, held that the entire judgment should be reversed. The lower court gave Gompers one year, Mitchell nine months and Morrison six months without option of fine. All were convicted of violating a court injunction in the noted Bucks Stove & Range case.

An appeal from the decision today will be taken to the supreme court of the United States if attorneys for the labor leaders can find grounds upon which to ask the highest court to review the judgment. On a previous appeal to the supreme court, the judgment was effectively dismissed and the contempt proceedings were brought all over again. In the previous action, the decision of the court below holding the men in contempt was unanimous. The dissenting opinion of the chief justice today probably will present one avenue of further appeal.

The case has been a hard fought one and attracted wide attention because of the prominence of the men involved. The contempt was alleged to have been the publication of the name of the Bucks Stove and Range company in a so-called "boycott list" in the American Federation of Labor's official magazine after it had been forbidden by the court.

SUFFRAGISTS TO ATTEND GAMES

New York, May 5.—Invasion of the baseball realm is to be tried by the women suffragists here this summer in the hope of winning from the

"fans" some of the enthusiasm they show for the national game to the support of the votes-for-women cause, suffragists are being urged to attend every baseball game, wearing the colors of the cause, and to distribute suffrage literature.

"Also be at the gates when the men come out." It is urged, "for they will be good natured and then take your literature quite amiably." No mention is made of the possibility of gloomy days when the home team goes down to humiliating defeat.

Other lots of the hunted male which the women will seek out during the summer are county fairs, horse races, balloon ascensions, excursions and moving picture houses.

for the life time of the present parliament will be settled tomorrow night. The vital sections of the brief bill are as follows: "1—Every woman who, "2—(a) If she were a man would be entitled to be registered as a parliamentary elector in respect of a household qualification within the meaning of the representation act of 1884, or, "3—(b) Is the wife of a man entitled to be registered in respect of a household qualification and has resided in the qualifying premises during the period required by law to enable a person to be so registered.

"Shall be entitled to be registered and when registered to vote as parliamentary elector in the constituency wherein the qualifying premises are situated. "A woman shall not be entitled to be registered unless she has attained the age of twenty-five years.

"3—A woman shall not be disqualified by reason of marriage from being registered and voting."

The bill is backed by seven Liberals, two Unionists and two Labor members. While it meets the wishes of most of the men sympathizers of woman suffrage, it does not go far enough for others. The parties are so hopelessly divided and even the members of the cabinet are so widely set asunder on the question that a forecast of the outcome of the debate is difficult.

The men when they arrived at the house today had to run the gauntlet of many women parading in the precincts carrying sandwich boards with placards directed at the cabinet ministers, such as "traitor Asquith," "deport Balfour," McKenna and Chancellor Hodgehouse."

London, May 5.—Great interest was taken in the police court proceedings against the suffragette leaders, held on charges of conspiracy under the malicious damage act, which were resumed at Bow Street today.

Archibald Bodkin, the prosecuting counsel, in opening the case, described the law of conspiracy and said the defendants had been constantly meeting together. He referred to "General" Mrs. Drummond as a "violent and unscrupulous woman." He said Clayton, the chemist, in whose possession were found documents describing a plan of campaign for burning down buildings in London, had put his brains at the disposal of the women for carrying out crimes and producing what their own paper described as a "reign of terror" in London.

Bill in Parliament. London, May 5.—The struggle for woman suffrage began again in the house of commons this afternoon when the second reading was moved of Wilton's bill. Whether this measure which proposes to enfranchise 6,000,000 women, shall be given a fighting chance or the whole question buried

GRANT TIME EXTENSION

Union Pacific Will Have Until July 1, to Dispose of 46 Per Cent in Southern Pacific—Court Partially Complies With Request

Washington, May 5.—The supreme court today extended the time in which the Union Pacific railroad must dispose of its 46 per cent in the Southern Pacific stock, from May 12 to July 1, thus only partially complying with the request of the Union Pacific attorneys for an indefinite extension of time.

The general effect of the decision is a victory for the federal government. Attorney General McReynolds opposed an extension longer than July 1. The request for extension was made by the railroad attorneys when it became apparent that the circuit judges sitting as the district court of Utah would not be able in the time allotted to pass upon the dissolution plan recently submitted. The attorneys requested an indefinite extension.

Sale of Stock Necessary. The sale of the stock by the Union Pacific was made necessary on December 2, 1912, when the supreme court decided that its ownership by the Union Pacific effected a combination with the Southern Pacific, a competing road within violation of the Sherman anti-trust law. The court gave the Union Pacific until May 12 to dispose of its holdings.

There was no opinion, as announced by the supreme court, explaining its action. Chief Justice White merely made the announcement of the course the court had determined upon.

WORLD'S MARKETS

Chicago Grain. Chicago, May 5.—Heavy rains, said to be worth several million dollars to farmers of Missouri, Kansas and Oklahoma, today weakened wheat here. A depressing factor was also a report placing the condition of wheat in Missouri at 98 per cent, with only 1 per cent abandoned acreage. Opening prices showed a range of a shade higher to 1-4 lower. July began a shade to 1-4 lower at 90-3-4@7-8 to 91 and eased off flat 90-3-8@1-2.

Wheat—Improved conditions as to Scutari lowered prices further but there was some recovery on large decrease in visible domestic supply. The close was steady, with July at 90-3-8 @1-2, a net loss of 5-8.

MOTOR TRUCKS CUTTING OUT RAILROADS

Motor trucks are now competing with the railroads on freight transportation between Ogden and Salt Lake. Although there is an electric and two steam roads connecting Ogden and the capital, a motor truck lately has made seven trips from Salt Lake to Ogden loaded down with freight, which G. J. Holt, in charge of the truck, says is being hauled at the same rate charged by the railroads—25 cents a hundred. There is a drayage charge on the Salt Lake end, when freight is shipped by rail, which is saved when the trucks do the work, as the motor driven wagons move up

to the warehouse and load direct from storage.

The truck that arrived today is operated by A. Stiefel, transfer. It left Salt Lake at 9 o'clock this morning, loaded with whisky and other liquors consigned to the Ogden Wholesale Drug and Jos. Baumeister, the total weight of the shipment being 6,560 pounds. The car arrived in Ogden at noon. The driver said only 4 1-2 gallons of gasoline had been consumed on the trip and that the expense incurred, including the wages of the chauffeur, was less than \$7. At this rate it will not be long before much of the freight traffic between Ogden and Salt Lake will be by auto truck.

NEW PITCHER FOR OGDEN TEAM

G. C. Knight, manager of the Ogden baseball team, sent transportation to "Speed Burner" Thomas, a pitcher who is now in Globe, Ariz. Thomas has been playing winter ball and is reported to be in good condition. It is not certain, however, that he will accept the ticket and come to Ogden. Anderson, the pitcher on Knight's staff, who has not yet appeared in a game, may play this week. He has been suffering of a strained tendon, but has taken good care of the pitching arm and expects to experience no trouble.

Considerably encouraged over the winning of the series with Butte, the Ogden players will enter the game tomorrow with the Great Falls squad determined to win.

NO DOUBT AS TO CAUSE DEATH

The cause of death having been questioned, Mr. and Mrs. Daniel R. Davis, parents of Leland Arthur Davis, the 9-year-old son who died as a result of ptomaine poisoning, say there is no doubt in their minds that death was due to ptomaine poisoning. Mr. Davis states that the boy tasted some mustard remaining in a sardine can about three hours after the contents had been removed. The can had been left on the kitchen table and was taken from the boy after he had eaten of the mustard.

The physician, also, is certain that the case was diagnosed correctly and the post mortem appearance of the body bears out that ptomaine was the cause of death.

The mustard from the can was eaten last Sunday while the boy was in apparently good health. Later in the day the youngster complained and on Tuesday he was taken with severe pains. On Wednesday morning, the father visited the bedside of the son at 5:30 o'clock and found him breathing heavily but did not think he was in a serious condition. Returning ten minutes later to the room he found his son dead.

Inez, the 15-year-old daughter is suffering of tonsillitis, with a high fever, and the mother is ill of the nervous shock coming as a result of the son's death.

H. E. Cahill, the wife's brother, came from Sparks where he is employed as a conductor, to attend the funeral which was held yesterday at the residence, 429 West Twenty-first street.

EVACUATION OF SCUTARI

Montenegro Decides to Leave the Future of the Albanian City to the Powers—King Nicholas Yields to Demands

London, May 5.—Sir Edward Grey, the British foreign minister announced at today's meeting of the ambassadors that Montenegro had unconditionally placed the question of the future of Scutari in the hands of the European powers.

The decision reached by King Nicholas at the last moment had the effect of relieving immediately the tension in European politics. It caused unbounded satisfaction to diplomats and the general public. The stock exchange responded at once.

Montenegro to Evacuate. Cetinje, Montenegro, May 5.—King Nicholas of Montenegro, decided today to evacuate the fortress of Scutari in response to the demand of the European powers.

When he took possession of Scutari on April 23, after a six months siege which cost the lives of thousands of Montenegrins and Turks, King Nicholas declared that he would hold the city until the last drop of Montenegrin blood had been spent. As the European powers had decided previously that Scutari was to form part of the future autonomous state of Albania, a crisis was brought about and the powers immediately brought strong pressure to bear to force him and his troops to evacuate the place.

In the meanwhile Austria took energetic steps to enforce the powers' decision and concentrated large bodies of troops in Bosnia, Herzegovina and Dalmatia. The powers in the interim instituted a blockade of the Montenegrin coast. All these demonstrations, however, seemed not to affect the determination of the king.

Some of the Montenegrin troops were withdrawn from Scutari, in order, it was said, to resist a possible Austrian advance. Then word came that Austria and Italy had entered into an agreement to solve the Albanian problem by a military expedition and it was known that the Austrian army was preparing to march forward.

The attitude of Austria under these circumstances was a matter of great concern to Europe and when she joined in the pressure being exercised on Montenegro great relief was felt, as it had been thought she would resist any attempt by Austria to order her army southward.

It was suggested during the negotiations that the king of Montenegro would receive territorial compensation in another direction if he would give up Scutari and his majesty was preparing to accept this offer.

IN FAVOR OF DEFENDANT

Denver, May 5.—If Lady Macbeth had lived in Colorado, the famous sleep-walking scene would have been incompetent, irrelevant and immaterial.

The state supreme court today held that a person may not be convicted of murder by the use of his own admissions, made while talking in his sleep. The case of J. E. Martinez, convicted of murdering a woman named Fortune Campbell and sentenced to life imprisonment, was sent back to the district court of Archuleta county, with instructions to try the defendant again, without permitting the prosecution to introduce Martinez' somnolent testimony.

CAPTURE A DESPERADO

Reading, Cal., May 5.—With bullet wounds in the leg and hand, Pietro Lisere, who escaped after a rifle battle with a sheriff's posse at Weed last night, was arrested at a hotel in Sisson today. He was a member of a gang of alleged blackhanders who were intercepted by the authorities as they were about to dynamite a house in which two women and eight children were sleeping.
